DIGITAL DEFENSE TO PARTICIPATE IN THE ACUIA 2006 ANNUAL CONFERENCE

San Antonio, TX – May 15, 2006 – Digital Defense, Inc., a provider of network security compliance and risk management services, today announced they are exhibiting at the ACUIA 2006 Annual Conference. The conference will take place at the Hyatt Regency Lake Tahoe Resort & Casino at Incline Village, Nevada from May 23 – 26 and is hosted by the Association of Credit Union Internal Auditors, Inc. (ACUIA).

“Digital Defense is happy to be a part of this educational and worthwhile event that will offer internal auditors, audit committee members and executives in the credit union marketplace the opportunity to learn more about operational compliance, Gramm-Leach-Bliley (GLB) Privacy Program Audits and Third-Party Vendor Management Audits.” stated Joseph A. Cooper, CEO of Digital Defense. “We are dedicated to providing credit unions with the tools that will empower them to secure their networks and efficiently manage the business risk and security compliance challenges that they continually face. The positive responses we receive from our clients on the effectiveness of Frontline™, our security information management portal that we use to deliver on-demand host discoveries and vulnerability assessments, as well as the results of our penetration testing services for comprehensive workflow management through ActiveView™ lend credence to the fact that we are providing value-driven, effective services. This event will help us to further inform credit union executives and internal auditors of current threats to their organizations and the solutions that are available to them to reduce the potential of compromise.”

Topics for the ACUIA 2006 Annual Conference include Anti-Money Laundering and Bank Secrecy Act Compliance, Gramm-Leach-Bliley (GLB) Privacy Program Audits, and Phishing & Network Vulnerability.

About the Association of Credit Union Internal Auditors

The Association of Credit Union Internal Auditors (ACUIA) is a Columbus, Ohio-based, organization that is committed to being the premier and quality provider of credit union internal audit resources.

About Digital Defense

Founded in 2000, Digital Defense, Inc. provides affordable security solutions that allow executives and IT personnel to assess their network security condition, manage their IT risk, and validate deployed infrastructure. Frontline™, a web portal supporting a comprehensive suite of security applications, provides access to a superior security information management platform with a trusted and independent team of security analysts who provide continually updated market-specific vulnerability analysis. The Digital Defense team is comprised of recognized security experts who focus on specific markets, through which they garner a better understanding of client needs in an environment of increasingly complex security threats. Based in San Antonio, Texas, Digital Defense has over 400 clients nationwide.
