DIGITAL DEFENSE TO PARTICIPATE IN THE 2006 HARLAND FINANCIAL SOLUTIONS PARTNER EXPO

San Antonio, TX – July 24, 2006 – Digital Defense, Inc., a provider of network security compliance and risk management services, today announced they are exhibiting at the 2006 Harland Financial Solutions Partner Expo. The conference will take place at the Walt Disney World Swan and Dolphin Hotel in Lake Buena Vista, FL from August 7 – 10 and is part of the Harland Financial Solutions Connections Annual Conference.

“Digital Defense is delighted to be a part of this exciting event which focuses new ideas and strategies to help financial institutions operate more efficiently,” stated Larry R. Hurtado, President and CEO of Digital Defense. “We are dedicated to providing financial institutions with the services that they need to secure their networks and efficiently manage the security compliance and business risk challenges that they face daily. We continue to receive extremely positive feedback from our clients on the value of Frontline™, our security information management portal that we use to deliver our on-demand host discoveries and vulnerability assessments as well as the results of our penetration testing services for comprehensive workflow management through ActiveView™. In addition, this event will help us to further inform executives and technology/security professionals about current threats to their organizations and the solutions that are available to them to reduce the potential of compromise.”

This year’s Connections Conference features a stimulating group of speakers ready to engage and provide information about the financial services landscape. The classes are designed around Harland specific products, as well as timely industry topics.

About Harland Financial Solutions

The John H. Harland Company has been in business since 1923, serving financial institutions of all types and sizes. For most of its history, Harland was most well known as a leading provider of checks and other printed products.

Harland Financial Solutions' mission is to produce superior returns for our shareholders by being the leading provider of products and services to our chosen segments of the financial and educational markets.

About Digital Defense

Founded in 2000, Digital Defense, Inc. provides affordable security solutions that allow executives and IT personnel to assess their network security condition, manage their IT risk, and validate deployed infrastructure. Frontline™, a web portal supporting a comprehensive suite of security applications, provides access to a superior security information management platform with a trusted and independent team of security analysts who provide continually updated market-specific vulnerability analysis. The Digital Defense team is comprised of recognized security experts who focus on specific markets, through which they garner a better understanding of client needs in an environment of increasingly complex security threats. Based in San Antonio, Texas, Digital Defense has over 400 clients nationwide.
