## **DIGITAL DEFENSE TO PARTICIPATE IN OPEN SOLUTIONS' 2006 CLIENT CONFERENCE & SOLUTIONS EXPO**

**San Antonio, TX – March 27, 2006** – Digital Defense, Inc., a provider of network security compliance and risk management services, today announced they are exhibiting at Open Solutions' 2006 Client Conference & Solutions Expo. The conference will take place in Las Vegas, NV at Caesar's Palace from April 8 - 11.

“Digital Defense is delighted to be a part of this outstanding event that will offer Open Solutions' banking and credit union clients the opportunity to learn more about the latest technology and business trends.” stated Joseph A. Cooper, CEO of Digital Defense. “We are committed to providing financial institutions and enterprises with the services that they need to secure their networks and efficiently manage the business risk and security compliance challenges that they face on an ongoing basis. We continue to receive extremely favorable feedback from our clients on the effectiveness of Frontline™, our security information management portal that we use to deliver our on-demand vulnerability assessment and penetration testing services. This venue will help us to further inform financial service institutions of current threats to their organizations and the solutions that are available to them to reduce the potential of compromise.”

Open Solutions is anticipating this year's event to be the largest client conference to date. Invited to attend the 2006 conference will be Open Solutions' banking and credit union clients from both the United States and Canada. This venue will give Open Solutions' clients an opportunity to participate in educational and networking workshops within the banking and credit union marketplace.

### **About Open Solutions**

Open Solutions was founded by professionals in banking, enterprise data management and Web-based technologies. Open Solutions believes that community financial institutions possess a unique set of attributes that can allow them to succeed in an environment where new competitors, emboldened by deregulation, threaten to take away clients and marketshare.

### **About Digital Defense**

Founded in 2000, Digital Defense, Inc. provides affordable security solutions that allow executives and IT personnel to assess their network security condition, manage their IT risk, and validate deployed infrastructure. Frontline™, its subscription-based
